Carbon Capture  
Pipeline

# Have your say

**Humber Carbon Capture Pipeline**  
**Statutory Consultation**

29 October to 17 December 2025

PLEASE SEE INSIDE FOR FURTHER INFORMATION

STATUTORY CONSULTATION

Following our initial consultation held in Summer 2024, Northern Endurance Partnership invites you to take part in our statutory consultation on the proposed Humber Carbon Capture Pipeline.

We have now published updated maps of our proposals and shared further details of our ongoing assessments.

More information is available on our website at [www.nephccp.co.uk](http://www.nephccp.co.uk)

The Humber Carbon Capture Pipeline is a proposed underground, onshore pipeline with Above Ground Installations and a Pump Facility. The pipeline would transport carbon dioxide produced by industrial projects in the Humber region to secure offshore storage under the North Sea.

This project is vital to decarbonising the Humber industrial cluster, the highest carbon producing region in the UK, supporting the energy transition and local jobs across a range of industries.

## Have your say

**Deadline for feedback  
17 December 2025**

We welcome your views and feedback. We are also holding events where you can meet the team and find out more.

### You can provide your feedback:

- Online on our website at [www.nephccp.co.uk](http://www.nephccp.co.uk)
- By email at [info@nephccp.co.uk](mailto:info@nephccp.co.uk)
- By writing to us at **FREEPOST NEP HCCP** (no stamp required)
- By hardcopy **feedback forms**, which are available on our website to download, at events, and at our information points. These can be sent back to us via email or freepost.

## Events

Join us at our in-person and online information events to meet the project team, find out more about our proposals, and provide your feedback.
